**Document
signing**

Livegenic is a virtual collaboration platform that instantly connects you to your customers, field staff and suppliers remotely via their mobile devices.

Underwriting

Reduce your underwriting risk by seeing exactly what you are covering. Insure assets at true value by better identifying any risks, inaccuracies or inconsistencies.

Claims

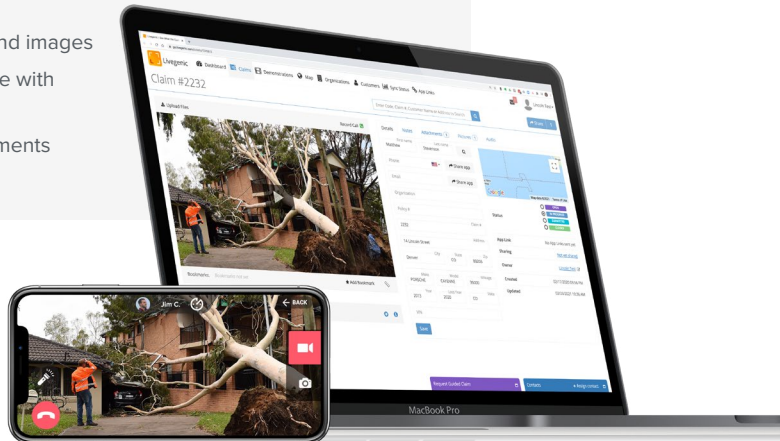

Your staff collect critical claim information in real-time via live or offline video streaming, while also collecting payments and signed documentation.

Livegenic speeds up the claims process from lodgement to closure for a more convenient and engaging customer experience.

Store all your information in one place

All content recorded or uploaded through the Livegenic apps is automatically stored on your Livegenic web portal. Your team can easily:

- ✓ Review files, videos and images
- ✓ Assign and collaborate with other users
- ✓ Access reports, documents and dashboards

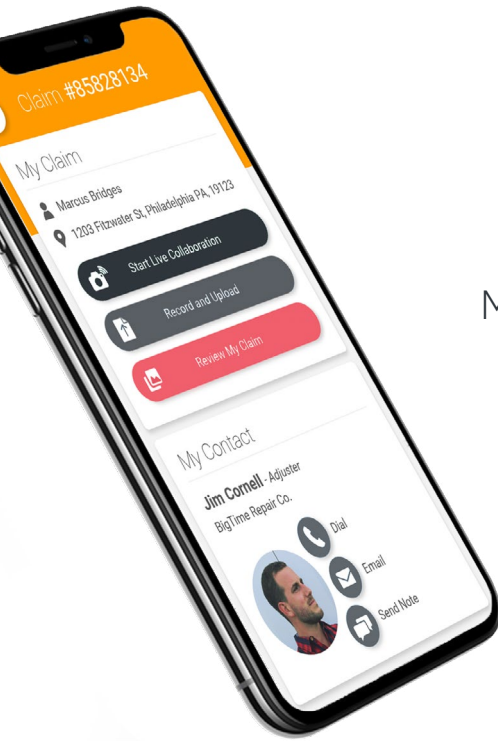

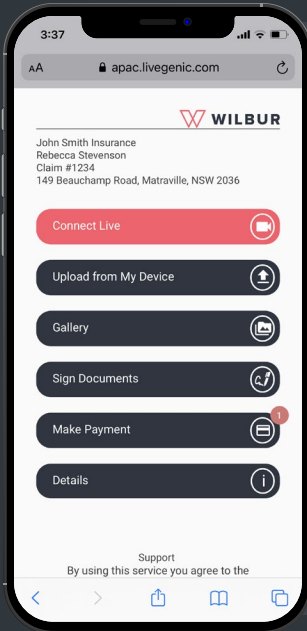

Livegenic

MY CLAIM

Mobile app and web access
for your customers

- ✓ Connect live or record offline video
- ✓ Collect payments through an instant payment gateway
- ✓ Process legally binding documents with in-built document signing
